www.fivesgroup.com

An extensive experience in industrial equipment, plant supply and turnkey contracting worldwide

Fives specializes in the design, supply and installation of core process equipment, complete plants and associated services.

Fives' expertise includes technologies in **crushing, grinding, pyroprocessing, combustion and gas treatment**, as well as **turnkey project management and customer services**.

From the initial project definition to the plant commissioning, Fives provides tailor-made solutions, maximized performance, on-time delivery and within-budget execution.

Fives also offers **plant site services** to support customers in achieving the highest levels of production line availability, maximizing efficiency and maintaining plant performance throughout the lifecycle.

With 80 years of experience in industrial engineering and contract execution, Fives' Cement | Minerals dedicated teams have proven operational excellence in dealing with major projects worldwide.

A wide product portfolio using innovative proprietary technologies

CRUSHING

- FCB Rhodax®
- FCB VIF™ Crusher

PYROPROCESSING

- FCB Preheater
- FCB Zero-NOx Preca
- FCB Kiln
- FCB By-pass system

GAS TREATMENT

- TGT® Filter
- SONAIR™ Filter
- All-Dry Injection System
- EAD™ Dry Scrubbing System

GRINDING

- FCB Rhodax®
- FCB Horomill®
- FCB B-mill
- FCB E-mill
- FCB TSV™ Classifier
- FCB Flash dryer
- FCB Aerodecantor

COMBUSTION

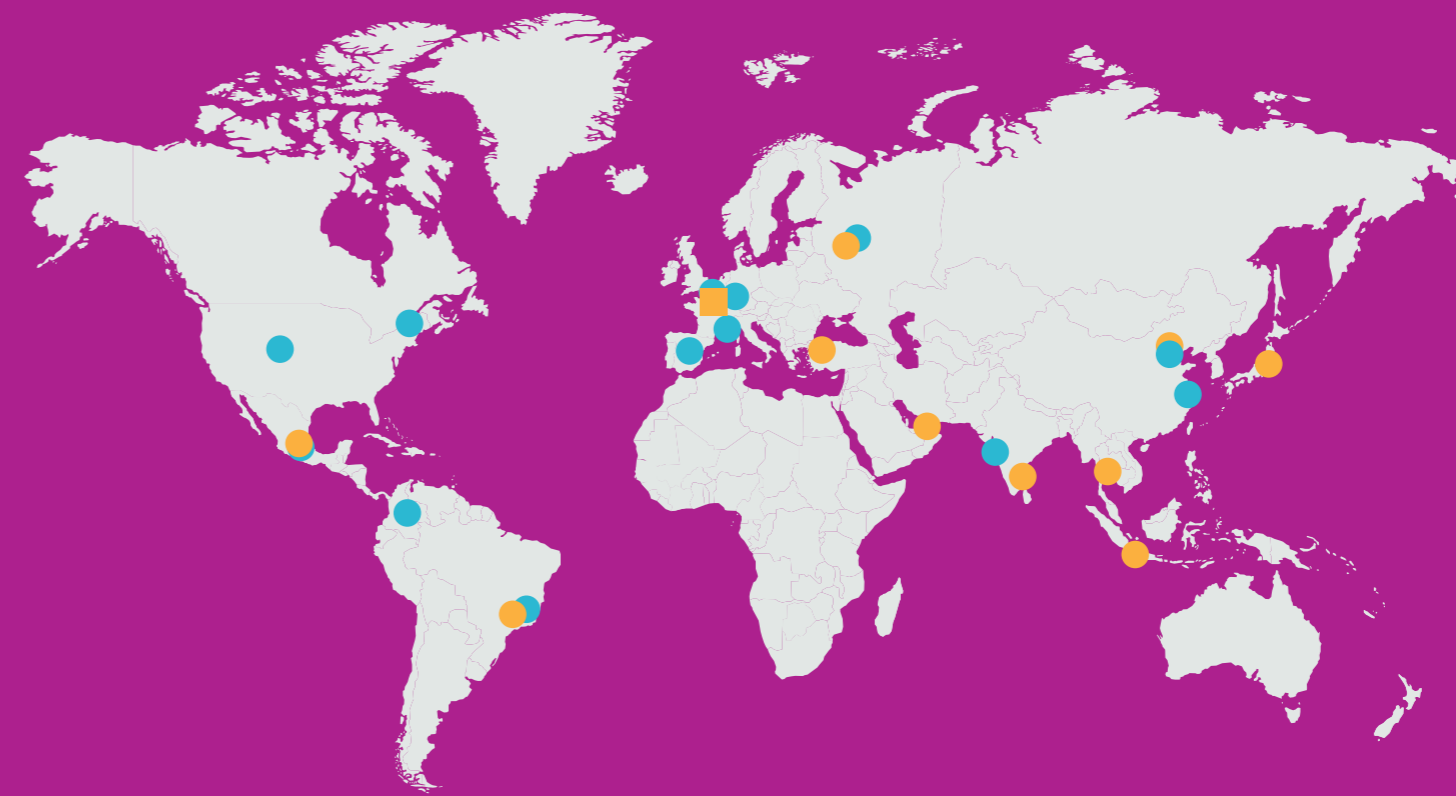

- Pillard NovaFlam®
- Pillard PrecaFlam™
- Pillard RotaFlam®
- Pillard Neutrinox™
- Pillard Fuel Handling Systems
- Pillard HeatGen
- Pillard Control System

OPTIMIZATION & CONTROL

- COSMA™
- FCB Opti-Bmill™
- FCB Opti-Kiln™
- FCB Opti-RMX™
- FCB Opti-HRM™

Markets/Applications

White cement, Grey cement, Clinker, Steel slag, Precious metals, other ferro alloys and slags, Copper, Tin, Lead, Zinc, Iron ore, Phosphates, Bauxite, Gypsum, Anhydride, Granulates, Limestone, Ceramics, Tiles, Abrasives, Silica, Lime, Proppants.
